DIN Mount CB Radio with VOX

This top of the range CB radio comes packed with the latest technology. Not only can it fit into a standard DIN sized slot so its front mounted speaker can provide crisp clear audio into the tractor cab, it also features the latest VOX and CTCSS technology to provide maximum functionality and versatility.

- 4W output power
- Multiple bands for Europe wide operation
- AM/FM operation
- Variable colour illumination (green, amber, blue)
- VOX (Voice Operated Transmit) for hands free transmission
- CTCSS technology enables you to communicate only with people you want by filtering out users on the same frequency without the CTCSS code
- Channel memory
- Last channel recall
- Remote channel up/down (operated from mic)
- External speaker connection
- Keypad lock
- External S-Meter connection
- Supplied with a metal DIN mounting cage (as with car radios)

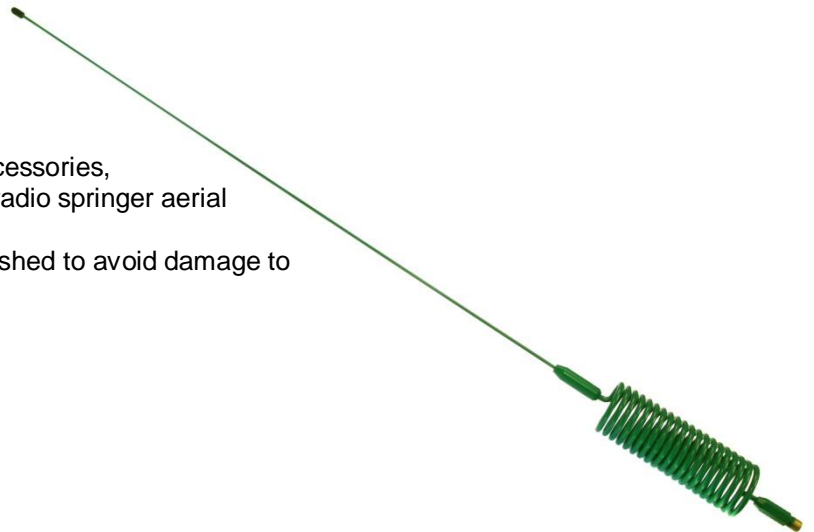

Part Number VLC5741

John Deere Green CB Radio Springer Aerial

To complement our existing range of CB radio accessories, Vapormatic has now introduced an exclusive CB radio springer aerial in John Deere green.

- Length 34" (890mm) and bends when brushed to avoid damage to aerial or vehicle

External CB Radio Speaker

If the CB radio unit is tucked out of the way or you require additional sound amplification then an external speaker may be required.

This external speaker can be fitted discretely and provides a clear sound without taking up large amounts of space.

- Impedance: 8 ohms
- Power: 5W max
- Speaker size: 2 1/2"
- Cable: 2m (6') with 3.5mm jack
- Size: 82mm (w) x 82mm (h) x 59mm (d)

Part No. VLC5750

All Vapormatic quality replacement parts carry an industry leading **12 month parts and labour warranty.**
