NEW HYDRAULIC HOSE GRIP HANDLES

Vapormatic are now offering customers ten new hydraulic grip handles which aim to help customers correctly connect hydraulic hoses first time. The ergonomic grip handles make connecting hoses easier, safer, save time and help keep your hands clean!

Each handle is sold individually allowing customers flexibility to choose their own combinations. Available in five colours red, blue, yellow, green and black each colour handle is offers two choices of flow direction arrow which is marked on the grip.

The grip handle consists the coloured plastic grip, 1/2" BSP Female to male adaptor used to hold the handle in place and four screws to join the plastic grip halves. A colour cable tie of the same colour is included to identify the corresponding coupler on a machine.
